VILLAGE MANAGER'S REPORT (914) 944-2782

The Holiday Season is here and many villagers are decorating their homes. In order to ensure that every Villager is safe when decorating their home, this section of the Manor Monthly offers the following safety tips which have been provided by Con Edison:

- Make sure that holiday lights carry the seal of approval of a recognized safety testing laboratory such as an Underwriters Laboratories (UL).
- Before reusing electrical devices kept in storage, inspect for worn or frayed areas, particularly at the plugs and connections. Replace defective lights and cords. Throw out any frayed wires or extensions.
- Outdoor displays require outdoor, exterior rated extension cords, fixtures and bulbs. Install or adjust outdoor electrical displays only during dry weather.
- Avoid running cords under rugs, through doorways or near furniture where they may be stepped on, tripped over or broken.
- Do not place cords around or near metal pipes, appliance or anything that is damp or metallic. Turn off electrical devices when making adjustments.

The entire Village Staff, along with the Board of Trustees, wishes everyone a safe and happy Holiday Season. If you have any comments or suggestions about any Village service, please contact the managersoffice@briarcliffmanor.org.
